Program 3. Engineering

Para Jayasinghe, P.E., Manager, Organization 311300

Program Description

The Engineering Program plans, designs, schedules and prepares contracts for the reconstruction of sidewalks, roadways and bridges. Engineering firms are used to supplement staff and all work is coordinated with other City and state planning agencies. Through the Public Improvement Commission, the program reviews any proposed changes on, over, or under public ways by outside groups. The program also maintains the official records of all City-owned land and streets.

Program 4. Construction Management

Katie Choe, Manager, Organization 311400

Program Description

The Construction Management Program is responsible for the construction and maintenance of the highway infrastructure of the City. Responsibilities include installing pedestrian ramps, and managing major capital improvements in business districts. Engineering and inspection is provided for reconstruction and resurfacing projects and for the permanent restoration of damaged public ways. By inspecting public ways, analyzing and programming field data and estimating recovery cost, this program seeks to minimize the damages to roadways and sidewalks by utility companies and contractors.

Program 5. Highway Field Operations

Michael Brohel, Manager, Organization 311500

Program Description

The Highway Field Operations Program is responsible for cleaning all city streets from curb to curb, with special emphasis on high litter areas and neighborhoods with posted street cleaning times. The program maintains and empties litter receptacles in busier areas of the city, clears snow from the streets during winter, makes temporary repairs to streets and sidewalks and provides assistance to the Recycling Program. The program also provides graffiti services and cleans and maintains the Boston Freedom Trail.

External Funds Projects

Home Composting

Project Mission

This revolving account was started with a grant from the State Department of Environmental Protection and uses yard waste materials from community gardens to create compost. The compost is sold and the proceeds were used to buy compost bins, which are also sold to residential gardeners, along with compost.

MRIP (Municipal Recycling Incentive Program)

Project Mission

MRIP is a program of the DEP. The goal of the program is to increase municipal recycling, safely dispose of universal wastes (such as CRT's, mercury, paint and auto supplies) and develop a way to recover and reuse materials such as paper, cardboard and leaf and yard waste.

Public Works Department Capital Budget

Overview

This Capital Plan invests deeply in the core goals of Go Boston 2030: streets that are safer for all users of our roads and sidewalks, particularly pedestrians and cyclists; travel that is more reliable and predictable, and quality transportation choices that improve access to interconnect Boston neighborhoods for all modes of travel.

FY19 Major Initiatives

- Walkable Streets will focus on longer, contiguous sections of sidewalks to improve overall mobility.
- Construction will begin on Beach Street, from Atlantic Avenue to JFK Surface Road with new sidewalks, new lighting, trees, and street furniture.
- Construction will begin at New England Avenue, from Talbot Avenue to Norfolk Avenue with new sidewalks and lighting.
- Construction will continue on the streets and sidewalks in and around North Square.
- The reconstruction and installation of pedestrian ramps on sidewalks will continue throughout the City, to improve accessibility. Funding for pedestrian ramp installations will increase \$500K in FY19.
- State Street will be re-designed adhering to Complete Streets guidelines.
- Cummins Highway from Mattapan Square to Harvard Street will be re-designed with Complete Streets guidelines in mind.
- Ruggles Street from Tremont Street to Shawmut Street will also be re-designed adhering to Complete Streets standard.
- Construction will begin on a new North Washington Street Bridge.
- Construction is expected to begin on a new Long Island Bridge.
- Design is expected to begin on the Northern Avenue Bridge.
- Upgrades to a series of bridges in an effort to bring all bridges to a State of Good Repair by 2030.
- Funding for roadway reconstruction, resurfacing, and sidewalk improvements will be increased by \$3.75 million this year. Repairs are planned throughout the City.

Description of Services

The Transportation Department regulates traffic and parking for 802 miles of roadway and 3,708 public streets. In order to ensure an efficient yet safe flow of traffic and to balance competing demands for parking resources, the Department enforces 42 parking regulations, maintains and collects from the City's 7,100 parking meters, and annually replaces or repairs several thousand of the City's 300,000 street and traffic signs. The Department also continually responds to the changing transportation needs of the City and its neighborhoods by re-evaluating traffic patterns, increasing parking enforcement in response to neighborhood requests, incorporating the City's interests into state and federal roadway developments, and working to promote alternative modes of transportation for commuters.

Traffic Division Operating Budget

Description of Services

The Traffic Division establishes and maintains a wide variety of programs to enhance transportation throughout Boston. The Division delivers such services as increased loading zone access for the delivery of goods and services, increased short-term parking opportunities and resident restricted parking spaces, efficient flow of vehicular traffic during peak periods, removal and disposal of abandoned vehicles, computerization of traffic signals, and traffic planning and engineering for the design or redesign of streets and intersections. The Division also provides clean, safe, and convenient parking facilities downtown and in neighborhood business districts. Provision of this service includes inspections, cleaning and renovations of facilities and enforcing existing parking leases.

Program 1. Commissioner's Office

Gina Fiandaca, Commissioner, Organization 251100

Program Description

The Commissioner's Office is responsible for establishing and managing a wide variety of programs to enhance transportation throughout Boston. The office advocates for alternative financing for the administration of transportation programs including federal and state grants as well as public/private partnerships.

Program 2. Traffic Management & Engineering

John DeBenedictis, Manager, Organization 251200

Program Description

The Traffic Management and Engineering Program manages Boston's transportation network to provide safe, efficient travel throughout the City. This is accomplished through maintenance of traffic signal timings using the City's computerized traffic signal system; design and review of new/upgraded traffic signal installations; review of proposed roadway and transit projects, review and approval of private development plans; licensing of on-street construction; permitting of special events; review and modification of existing parking rules and regulations; and working with neighborhood groups to improve traffic and pedestrian safety on residential streets.

Program 3. Policy & Planning

Vineet Gupta, Manager, Organization 251300

Program Description

The Policy and Planning Division provides planning services leading to more effective engineering, construction and management of the city's transportation networks and initiates new projects to support the department's mission. Through extensive community process and coordination with city and state agencies, the division encourages the use of alternative modes, enhances pedestrian safety, addresses neighborhood traffic and parking concerns, reviews new development projects and proposes long-term strategies. The division also includes bicycle programs.

Program 4. Traffic Enforcement

Bradley Gerratt, Manager, Organization 251400

Program Description

The Enforcement Program enhances public safety, improves traffic flow, and promotes parking opportunities and curbside access by encouraging compliance with the City's rules and regulations through issuance of citations and towing of illegally parked vehicles.

Program 5. Operations

Bradley Gerratt, Manager, Organization 251500

Program Description

The Operations Program promotes public safety through the maintenance of and regulatory signage and traffic signals on City roadways, and coordination of special events effecting traffic and parking in the City. Operations also supports economic development in the City by encouraging efficient use of short-term on-street parking through the maintenance of parking meters.

Parking Clerk Operating Budget

Stephen McGuire, Assistant Parking Clerk, Appropriation 253

Division Mission

The Office of the Parking Clerk's primary mission is to respond effectively to public inquiries about parking tickets, resolve any disagreements through an adjudication process, and to deter illegal parking by successfully collecting parking violation fines. The Office is also responsible for adjudicating and collecting fines on abandoned vehicles and for administering resident parking permits.

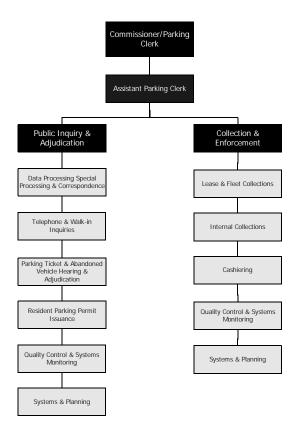

Selected Performance Strategies

Parking Clerk

• Provide people-focused service.

Parking Clerk Operating Budget

Description of Services

The Office of the Parking Clerk oversees and operates a number of major components of the City's Parking Violation System (PVS). The PVS is a high volume, complex operation involving numerous computer-based systems that support all elements relating to parking tickets from design, procurement, and processing of tickets, through providing responses to public inquiries, adjudication, collection, and final disposition. Parking permits for neighborhood residents are issued by the Office of the Parking Clerk.

Program 1. Parking Clerk

Stephen McGuire, Manager, Organization 253100

Program Description

The Office of the Parking Clerk is responsible for the oversight and management of the City's comprehensive Parking Violation and Parking Management Information Services System, the administration of the issuance program for Resident Parking Permits, and adjudication related to the issuance of parking citations and the abandoned vehicle program.

External Funds Projects

Boston Bike Share

Project Mission

Various funding sources will support the Boston Bike Share program, including grants from the Federal Transit Authority, sponsorship donations, funds from the Boston Public Health Commission's ARRA grant, the BARR Foundation and other state funding sources. The program began in FY12 and has 1,800 bicycles at publically accessible stations for member use.

Boston Mobility Action Plan

Project Mission

The Mobility Plan developed a long term vision to guide transportation policy and investments coupled with an action plan of projects. BARR funding supports a full time position for 2 years starting in FY15 to manage an ongoing capital program. The grant ended in Fy17.

Connect Historic Boston

Project Mission

The National Park Service funded the creation of an intermodal design plan to connect visitors from regional transportation systems and existing bicycle and pedestrian paths to National Park sites and the Boston Harbor Islands. The design was completed in FY14.

Parking Facilities Fund

Project Mission

The City owns and operates several revenue producing parking lots. The resulting revenue from these lots goes into the fund to support their non-personnel operating expenses. This is an ongoing revolving account.

Traffic Management Center

Project Mission

The Traffic Management Center grant provided new financial resources to expand operational coverage in order to fully utilize existing technology and help monitor and improve the flow of traffic through the City. Funding has been provided thru FY18 by the Federal Highway Administration and Massachusetts Executive Office of Transportation and Construction.

Transportation Department Capital Budget

Overview

This Capital Plan invests deeply in the core goals of Go Boston 2030: streets that are safer for all users of our roads and sidewalks, particularly pedestrians and cyclists; travel that is more reliable and predictable, and quality transportation choices that improve access to interconnect Boston neighborhoods for all modes of travel.

FY19 Major Initiatives

- Vision Zero will continue to deliver targeted safety improvements in both our residential neighborhoods and along some of our most challenging corridors.
- A citywide, multi-year campaign to bring all painted crosswalks, lane markings, and bike lanes into a state of good repair continues this year.
- Implement Neighborhood Slow Streets projects in Chinatown, Grove Hall/Quincy Corridor (Dorchester and Roxbury), Highland Park (Roxbury), Mount Hope/Canterbury Street (Roslindale), and West of Washington Coalition (Dorchester).
- Design of the reconstruction of Melnea Cass Boulevard will continue.
- The addition of protected bicycle lanes on "Great Streets" projects by continuing and increasing the annual investment in the Strategic Bicycle Network.
- New traffic safety improvements are scheduled at Father Hart Bridge and Wolcott Square in Hyde Park.
- A multi-year effort begins that will renew all painted crosswalks, lane markings, and bike lanes.
